

Value vs. Cost Matrix

A decision-making tool for mapping program value and cost—visually.

The matrix results from a rigorous methodology that synthesizes a wide range of user-provided inputs and program data.

DATA JAX.

VALUE vs. COST		LOWEST VALUE ← —————→ HIGHEST VALUE									
		LOWEST		BELOW MODERATE		MODERATE		ABOVE MODERATE		HIGHEST	
		1	2	3	4	5	6	7	8	9	10
LOWEST COST HIGHEST COST	LOWEST	Homework Club Math Mentors	Homestead Science	Parents Group	Knitting Time History Book Club Spanish Conversation	Turner Book Club Foodie Book Club Sorebrenting	German Conversation	Writers' Group	Southshore Writers	The Booked Book Club	
	2			Time to Connect Food Distribution	Teen Tech		Italian Conversation			Pump Up Chess Club Machine Lab	Toddler Play Group
	BELOW MODERATE			Garden Club	Senior Thursday Financial Literacy			Musical Meetings		Art Time	Green Mountain Music
	4									Yoga Tai Chi	
	MODERATE				Gallery Opening						Robotics Club
	6							English Learners		Creativity Club	
	ABOVE MODERATE			Coding Club					Greene Lecture Series		Summer Music Series
	8								Cassette		
	9					Film Screening	Board Games Club		Mah Jongg		
	HIGHEST							Preschool Art Group			Story Time
